January 15 2023

Second Sunday in Ordinary Time

NOW I HAVE SEEN AND TESTIFIED THAT HE IS THE SON OF GOD.

JOHN 1:34

BAPTISM

As we the Church begin Ordinary Time, we reflect upon the Baptism of Jesus, and its significance in our own lives and communities. The Gospel of John does not narrate the Baptism like the other Gospels. Instead, John the Baptist gives testimony, emphasizing that Jesus has received the Holy Spirit. Jesus will go on to baptize with this same Spirit, as he did immediately after his resurrection (John 20). What might this mean for us, who share in this same Baptism? Today’s reading from Isaiah suggests that we are to be a “light to the nations,” a people proclaiming and sharing God’s love. Paul’s greeting to the church in Corinth reminds us that we are simultaneously God’s sanctified people and yet continually called to become holy. Baptism begins our journey, where we know the Spirit dwells within, and the same Spirit summons us to full maturity in Christ.

LAMB OF GOD

In today’s Gospel, John the Baptist names Jesus as the “Lamb of God, who takes away the sin of the world.” This name “Lamb of God” is rich in meaning, and can be interpreted in various ways. From the Old Testament, it evokes the lamb of Passover, linked to God’s rescue of the Hebrew people from Egypt. It is also an image of God’s faithful servant, as in Isaiah 53 as a “lamb led to slaughter.”

We can notice that here Jesus is the Lamb “of God.” He is God’s own Lamb, belonging to God. Jesus is not a cultic sacrifice to God, or a demand from God. John is presenting a traditional image in a new way. The Lamb “takes away” our sin, both exposing the reality of our sin to us (which we often hide from ourselves), and also forgiving us our sin. This same Lamb is filled with the Holy Spirit, and shares this Spirit to heal our troubled hearts.

LIGHT TO THE NATIONS

Today’s first reading is taken from the second of four “Servant Songs” in Isaiah. This Song was written around the time that the people of Israel were near release from their exile in Babylon. Israel, and also the author, had been traumatized by their separation from Jerusalem and their seeming abandonment by God.

At this time of great vulnerability and despair, God gives them consolation and affirmation. God gives the exiles a vote of confidence and an expansion of vision. God will heal their hearts, and give them new energy to be “a light to the nations.” Their purpose is not just survival, but to be the means by which God will bring the whole world into communion and harmony with God. For us today, when sometimes our parishes and communities face challenges of shrinkage and survival, perhaps God may similarly energize us, and remind us of the dignity and breadth of our mission.

TODAY’S READINGS

- Isaiah 49:3, 5–6
- Psalms 40:2, 4, 7–8a, 8b–9, 10
- 1 Corinthians 1:1–3
- John 1:29–34

FIRST RECONCILIATION

“Create
in me a
clean heart,
O God,
and put a

spirit
within me.”
Psalm 51:10

This Wednesday, January 18th, will be an important day for 23 children of our parish Religious Education Program. On this day, our students will participate in a Reconciliation Ceremony receiving the sacrament of Jesus’ love and forgiveness for the first time. The children will now begin their study of the Mass in anticipation of their First Communion in the spring. Please keep our eager students in your prayers.

A NOTE FROM CHURCH BUDGET ENVELOPE COMPANY

There was an issue with the January mailing. A couple of different things have affected our company recently and we are deeply sorry that it has come to the point that it's now affecting your church envelopes.

National wide paper shortages and delivery delays of receiving the paper and the inability to instantly add employees at the rate necessary have created a slow down on production and shipping. Unfortunately, your envelopes were shipped later than we normally prefer which resulted in the delay you are experiencing. They are on their way and we deeply apologize for the inconvenience this has caused you and your church family.

Things will get back to normal as we have made plans to prevent this from happening again. Please hang on tight while we get over this unexpected delay.

Sincerely, Kisara Plum
Director of Customer Relations
Church Budget Envelope Company

PLEASE NOTE:

If you find that you are not able to use your regular Church envelope, you may use any type of envelope for your contribution, just be sure to put your I. D. Number (If you know it) your name, address and amount enclosed. If we can assist you or if you have any questions please do not hesitate to call us at (708) 974-3336.

Again, we are VERY SORRY for this inconvenience!

2nd BASKET COLLECTION

It has been brought up many times, why 2 baskets when we have a second collection. The answer is CASH. ALL money in cash collected in the 2nd square basket goes to that specific cause. If you put a special envelope in the round basket, not a problem. The money counter team knows your intentions. The envelopes are grouped together and then totaled to that specific collection. If we have only 1 basket and you put CASH in that basket, it all goes to Sacred Heart Church. If you are donating CASH for a second collection please put it in the square basket. Please do not tape closed your envelopes and please enter your amount enclosed on the envelope.

Thank you,
The Money Count Team and Sacred Heart Ushers

SECOND COLLECTION

There is a Second Collection next weekend January 21st and 22nd, for the Church in Latin America.

Creation Care Corner

Turning Down the Gas

A big challenge in caring for creation is reducing greenhouse gas (GHG) emissions. Methane is a powerful greenhouse gas that often leaks into the atmosphere. It is a significant contributor to global warming. Sources include oil and gas mining, landfills, agriculture and even leaks in the pipes that bring natural gas (methane) into our homes for fuel. When natural gas is burned for fuel it creates CO₂, which is also a GHG. In our homes, it can create air quality issues as well.

Electrification of space and water heating, as well as cooking appliances, is an enormous opportunity to cut greenhouse gas pollution and save money on energy bills. Electric heat pumps heat homes and water far more efficiently than fossil-fuel appliances.

Induction stoves and cooktops are also more energy efficient than their gas counterparts. Where possible, as your natural gas-powered appliances reach the end of their life, investigate converting to newer electric appliances for a more sustainable future. This website is a valuable source of information on these options: www.rewiringamerica.org/electrify-home-guide
